

# Central Parade - New Addington Community Design Event

You are invited to the  
**New Addington, Central Parade  
Community Planning Weekend**  
on Friday 9th and Saturday 10th October 2009  
**At the Community Centre in New Addington Central Parade**

This will be an opportunity to think afresh about the future of Central Parade in the light of the recent decision to designate parts of the Parade as a Village Green. This designation means that the regeneration plans developed by the Council and its regeneration Partner Tesco which received planning approval in December 2008 are no longer deliverable.

The event is designed for you to come for the entire time if you wish, or pop in for a short while if that is more convenient. This is your chance to have your say and help create a Vision for the future of Central Parade.

## **Don't forget the Report Back**

**(Presentation of the Vision)**

13th October, 7.00pm-8.30pm  
St. Edward's Church, Central Parade,  
New Addington CR0 0DL

**Unable to attend the events?  
We would still like to hear  
your views.**

# Central Parade - New Addington Community Design Event

## Background

The Vision for Central Parade will be developed into a Regeneration Framework for New Addington by February 2010 in order to be incorporated into the Council's Local Development draft Core Strategy. The Framework may subsequently be taken forward as part of an Area Action Plan for the wider area of New Addington and Fieldway.

## Community Planning

Community planning is a way of involving local people creatively to shape the future of their towns and neighbourhoods. The aim of the Community Planning Weekend is to bring together everyone with an interest in New Addington Central Parade to produce a practical Vision for the future.

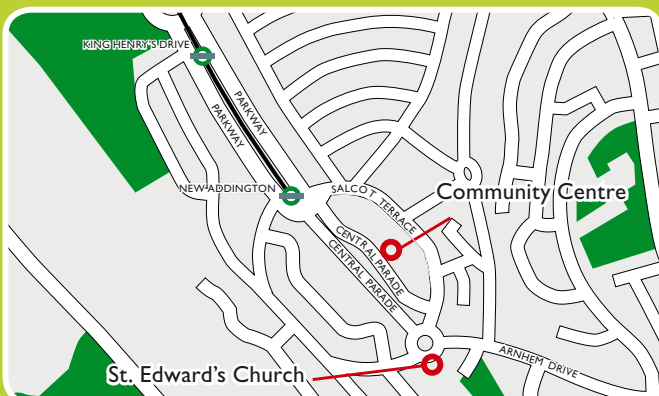

## The Community Planning Weekend

At the Community Planning Weekend you will have the chance to participate in topic workshops and hands-on planning groups to explore ideas for improving Central Parade and meeting the needs of the local community.

Following the Community Planning Weekend, the design team led by John Thompson & Partners, (architects, urban designers and community planners), together with Neil Tully Associates (landscape consultants) will analyse and summarise the outcomes. Then they will develop an illustrated Vision and indicative masterplan which will be reported back to the community at 7.00pm on Tuesday 13th October at St. Edward's Church, Central Parade.

## Come and have your say

Community Centre in  
New Addington Central Parade
