

CHESTERTON, CIRENCESTER COMMUNITY UPDATE EXHIBITION

Monday 13 and Tuesday 14 July 2015

COMMUNITY UPDATE EXHIBITION

Monday 13 July 2015

3.00pm – 8.00pm

&

Tuesday 14 July 2015

10.00am – 2.00pm

Bingham House Gallery,
1 Dyer Street,
Cirencester GL7 2PP

You are invited to join us at a Community Update Exhibition for an update on progress and to see the latest plans for Chesterton, Cirencester:

Since the Community Planning Weekend last year, good progress has been made developing the masterplan and further technical studies have been undertaken. The Community Update Exhibition is an opportunity for you to view and discuss the emerging proposals with design team members who will be on hand to answer your questions. Comments forms will also be available.

The Chesterton, Cirencester Community Update Exhibition is being organised by John Thompson & Partners on behalf of Bathurst Development Ltd. For more information please visit ChestertonCirencester.co.uk or contact Jennifer Johnson at jj@jtp.co.uk or on Freephone 0800 0126730.

CHESTERTON, CIRENCESTER

COMMUNITY UPDATE EXHIBITION

13 July, 3.00pm-8.00pm & 14 July, 10.00am-2.00pm

Bingham House Gallery, 1 Dyer Street, Cirencester GL7 2PP

BACKGROUND

Land at Chesterton, adjoining the modern south western edge of Cirencester; has been identified in the Cotswold District Council's emerging Local Plan as a strategic mixed use neighbourhood that can deliver up to 2,350 homes, employment uses, education and community facilities and areas of public open space (including allotments).

SUSTAINABLE LOCATION

The most sustainable locations for new homes are those close to existing services, facilities, community infrastructure and employment opportunities and Cirencester offers more of these than any other location in Cotswold District. By creating a new neighbourhood at Chesterton near facilities and services, we can provide for improved walking, cycling and public transport provision, thereby reducing reliance on cars and encouraging a more active community.

COMMUNITY PLANNING

In May 2014 more than 300 people attended the Community Planning Weekend (pictured above) to discuss the proposal and inform the creation of a Vision for the new neighbourhood. These discussions continued over two subsequent Forums in June and October 2014, and a movement and transport day in November 2014.

Materials from these previous events are available to view and download online: ChestertonCirencester.co.uk

We have greatly appreciated your feedback to date and look forward to seeing you at the Community Update Exhibition.

Our aim is to design a fully integrated new residential neighbourhood with high quality design and environmental standards at its heart, establishing a legacy for future generations to enjoy and be proud of.
