Help us plan Ware's new community!

Land North & East of Ware Community Planning Event at Ware Priory

Friday 17 and Saturday 18 May 2019

Background

Ptarmigan Land is acting for land owners of the area to the North & East of Ware, which has been allocated in the adopted District Plan for a residential-led, mixed-use development of 1,000 homes, with a further 500 homes once highway matters can be resolved. The new community will be supported by a new link road, schools, neighbourhood centre, healthcare, local shops, business opportunities, sports facilities and public open spaces. Ptarmigan Land is keen to work closely with the local community to bring forward the best possible development and this event is the beginning of that engagement.

Community Planning Event

We at JTP are assisting Ptarmigan Land in drawing up a scheme for the site and are seeking local input to make sure that it will reflect local character and relate well to the existing town and surrounding parishes. We want local people to help us better understand the area, create a Vision to shape the new community, and contribute to an emerging Masterplanning Framework Document (MFD) for the development. This fact-finding stage is just the beginning and we will be engaging with you again before a draft document is submitted to the District Council for approval, once it is happy to agree it. When the MFD has been agreed, all development at the site will need to comply with the contents.

Now is your chance to join in and help shape the new community – everyone is welcome! You can view an exhibition and leave us your comments, or why not join one of our workshops to really get involved. There's no need to register, just turn up on the day for as long as you wish. The team looks forward to meeting you at the event, answering any questions you may have, and hearing your views.
