

Architects and Technicians (Revit advantageous) Edinburgh Studio

Due to continued success, JTP's Edinburgh studio seeks to recruit Architects and Architectural Technicians to work on the detailed and technical design and delivery of a number of high profile city centre, residential led developments across the UK.

The ideal candidates will have large scale and / or high density residential experience at RIBA stages 3 – 4. Experience of technical design of high rise apartments would be distinctly advantageous.

JTP's projects are produced in Revit and we are looking for candidates with strong BIM skills to suit.

This is an excellent opportunity for enthusiastic Architects and Technicians of varying levels of seniority looking to work on exciting residential projects within a small, friendly team whilst enjoying the benefits of being part of a larger practice.

As a Sunday Times 100 Best Small Company to Work for 2018, JTP prides itself in offering a stimulating and enjoyable place to work with a generous benefits package (including 25 days holiday, bonus scheme and private medical insurance).

If you would like to create great places with us then please send your CV, along with a covering letter and samples of your work to:
