Tuesday 27 September 3.00pm - 8.00pm

You are invited to a public exhibition of the proposals for Chilmington Green. The exhibition is being organised by John Thompson & Partners on behalf of the Chilmington Green Consortium ahead of an Outline Planning Application to be submitted later this year.

The exhibition will illustrate how the consortium plan to create a new community over the next 20 years. The Masterplan reflects the principles of Ashford Borough Council's Adopted Core Strategy as well as the outcome of extensive technical studies, consultation with local people, Ashford Borough Council and other stakeholders. The purpose of the exhibition is to provide local people with more information about the new development and to collect further feedback. Your views are important to us and will be carefully considered before finalising the Outline Planning Submission.

We look forward to seeing you at the exhibition where members of the consortium and their design team will be on hand to talk through the proposals and answer questions.
