

Upper Calder Valley Renaissance

Town Masterplan

- Burnley Curve Reinstated
- Gateways
- New Bridge to Tip Side
- High Quality Public Realm to Town Centre
- New Development Opportunities
- Visual Improvements & Reducing the Impact of Traffic
- Towpath Improvements and New Riverside Walk

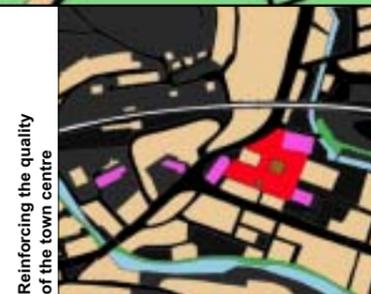

Key Valley Themes

1. **Promoting a new image for the Valley**
Celebrating the Valley
Marking the Valley
The Valley is greater than the sum of its parts
Different towns, complementary themes
2. **Establishing Key Gateways and Arteries**
Celebrating arrival
Enhancing the Arteries: road, rail, river, canal
Making movement a pleasure
3. **Reinforcing the Quality of the Town Centres**
Removal of visual blight
A Public Realm Strategy
Transformational Projects
4. **Rationalising Land Use**
Targeting Change
Unlocking strategic sites
Utilising waterside locations
5. **Enhancing the Valley Setting**
Defining settlement edges
Treeplanting
Promoting land stewardship
The future of the tops
6. **Sustaining Economic Growth**
ICT and Broadband
Promotion of creative industries
Provision of suitable premises
Reducing young emigration from the Valley
Nurturing education and enterprise
Encouraging rural diversification
7. **Creating Sustainable Communities**
Health and wellbeing for all
Better and greater choice of housing
The promotion of culture and leisure
8. **Empowering Civic Leadership**
The borough, town and parish councils
The Local Strategic Partnerships
The Valley team
A Charter for the Valley

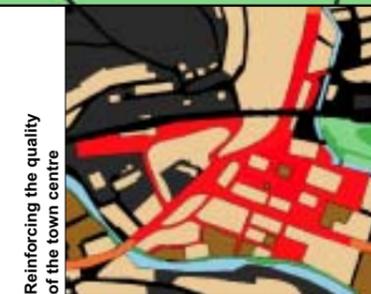

Gateways & Arteries

Defining and greening the gateways • Improving the arterries
• Greening the road corridors • Traffic calming to Halifax Road, Rochdale Road and Burnley Road • Canal and riverside walkways improved • Connecting the station to the town centre

Reinforcing the quality of the town centre

A transformational project in the town centre:
Removal of the 'Day and Nite' building to create a new square • A new creative media building • Bramsche Square destination

Reinforcing the quality of the town centre

Knitting together the urban fabric • An integrated framework for urban space • A qualitative change • removing blight • a living heart to the town

Rationalising land use

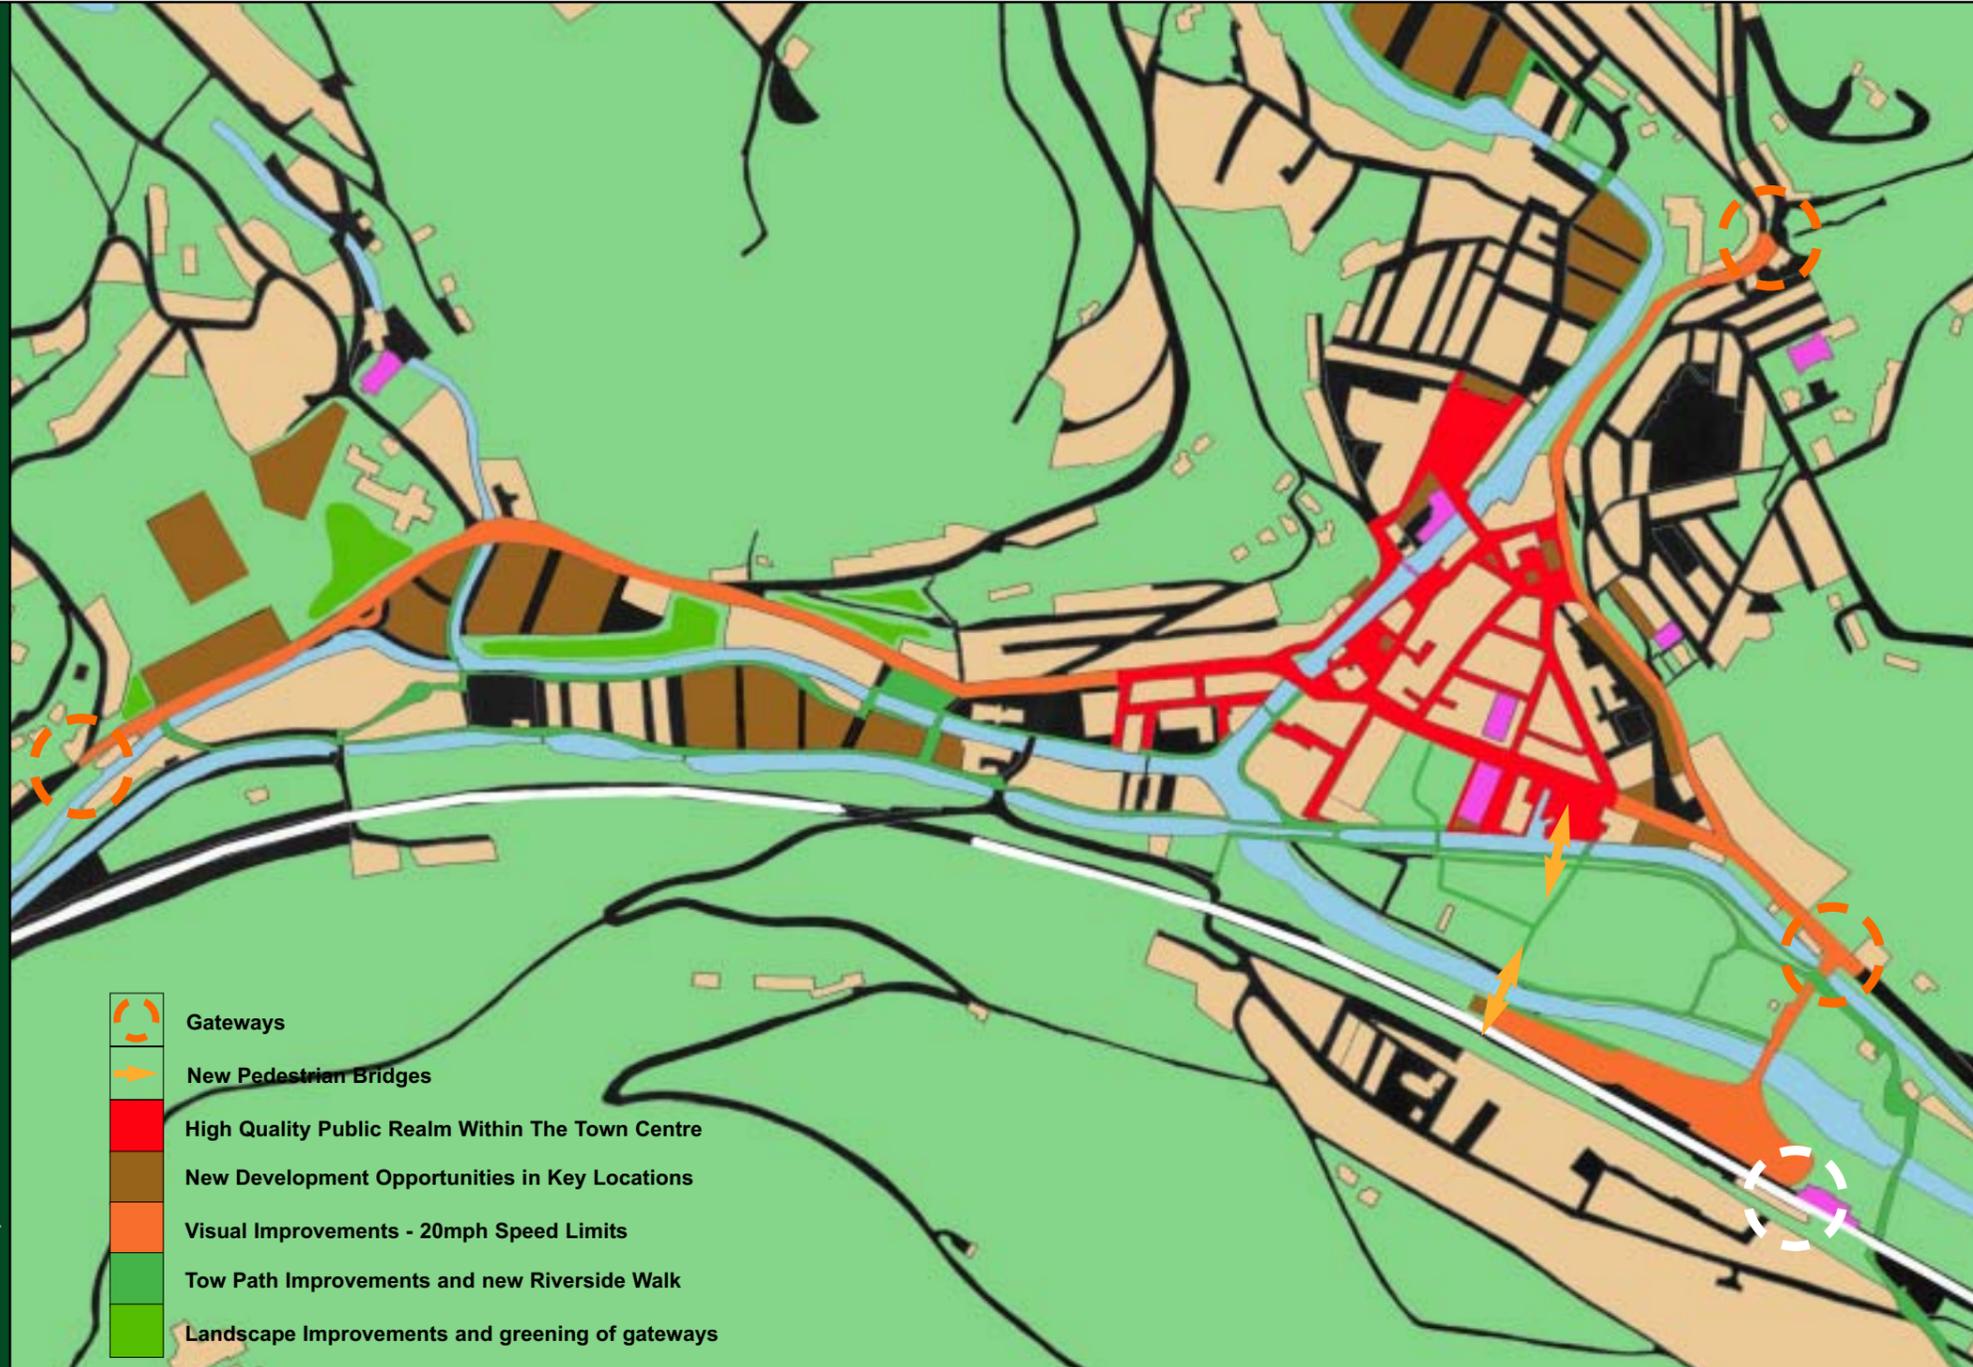

Tipside access • Parking in a park • Working, living and relaxing in waterside locations • Portfolios to trigger investment • Defining the settlement edge
