@visionforkendal

YOU ARE INVITED TO THE KENDAL VISION COMMUNITY PARTICIPATION EVENT TO HELP SHAPE A VISION FOR THE FUTURE OF THE TOWN.

BACKGROUND

Kendal has much that is good that we can all be proud of. The Vision will build on the good to meet the challenges the town faces, including flooding, traffic, the affordability of housing and low numbers of the young to fill our jobs and schools.

Kendal Futures is a partnership that represents businesses and stakeholders. We wish to develop a bold Vision for the town, which will guide future decision making and change in Kendal.

The Vision will set out an exciting and compelling future for Kendal emphasising what makes the town unique and special.

COMMUNITY PARTICIPATION WEEKEND

The views of the local business community and residents are vital in shaping the Vision. The Community Participation Weekend will be an opportunity to share your local knowledge and contribute to shaping the new Vision through facilitated workshops, walkabouts and hands-on planning groups. There will also be a background exhibition setting out local issues and opportunities.

There is no need to pre-register. The team will be on hand to greet you and answer questions throughout the day.

REPORT BACK PRESENTATION

After the public workshop days, the team will analyse and summarise what the people of Kendal have considered. Join us at the report back presentation evening on Tuesday 8 October to hear what the consensus vision will be like.

The Vision for Kendal will be published soon after. Packed full of images and illustrations, it will reflect the views of the public, Kendal's partners and stakeholders.
