

GRAPHIC DESIGNER

London Studio

JTP is an award winning, international placemaking practice of architects and masterplanners.

From our studios in London and Bristol we undertake placemaking projects at every scale, from cities and towns, to neighbourhoods, streets and the design of individual buildings; creating new places and breathing life into old ones.

We are looking for a talented Graphic Designer to work alongside our architecture and urban design teams, delivering innovative graphic design solutions throughout the project lifecycle for both print and on-screen applications. These include reports, high quality bid submissions, presentations and display materials. The successful candidate will be able to deliver design concepts and graphics including project branding, styling, infographics, diagrams and illustrations.

JTP uses a 'Place Branding' approach to create place narratives that tell memorable and authentic stories, linking place and context with people and culture. This is achieved through placemaking and cultural concepts, naming, graphics, and narrative, all informed by thorough research and engagement. Graphical communication is integral to the success of our projects, and you will play a key role in crafting this vision.

In addition to supporting project teams, you will collaborate with our marketing and communications team to create compelling social media and website collateral. This includes graphics and animations tailored to various platforms, curating cohesive feeds and creating short-form video content to enhance our online presence. You will also assist with in-house studio and events graphics, and provide support with awards submissions.

The role will suit an experienced designer who is able to demonstrate a high level of creativity and a good eye for detail. Enthusiasm for and experience of design for print including reports, brochures and exhibitions is essential.

Strong knowledge of Adobe Creative Suite (in particular Indesign, Illustrator and Photoshop) is essential. Experience of film, editing and animation would be highly desirable.

Successful candidate will have strong design and organisational skills and ability to manage multiple projects and deliver to tight deadlines. Excellent verbal and written communication skills are essential.

Previous experience gained within the built environment sector and / or architectural industry is essential for this role.

JTP is passionate about placemaking and people. We place great importance on making our studios collaborative, stimulating and enjoyable places to work with amazingly talented teams who have a lot fun along the way.

Our unique approach and investment in people has received high praise, recognised with over 200 design and people-related awards including being named AJ100 Employer of the Year 2019 and Highly Commended 2021, and a Sunday Times 100 Best Medium Company to Work for 2021 and Best Companies Two Star 'Outstanding' Accreditation in 2024.

In return for your enthusiasm and dedication we can offer you a great place to work, competitive salary, 25 days holiday (plus 3 additional days at Christmas), performance related bonus and other benefits.

Please send your covering letter, CV and portfolio to Eve Denney at careers@jtp.co.uk
