BACKGROUND

Telford Living has appointed architects JTP and place consultants AND London to engage with the community to co-create a new vision for the comprehensive, residential-led, mixed-use redevelopment of Crisp Street. The team will then move forward to prepare a new planning application for submission to Tower Hamlets Council early next year.

Following last year's economic and regulatory uncertainties, there is now confidence that we are in a stronger position to redevelop the site and bring

forward much-needed new homes and vibrant ground floor uses to Crisp Street. We are re-engaging with the community to ensure that residents and businesses have their say in shaping the future of Crisp Street, so that the resulting redevelopment reflects the needs of residents and businesses, and is fit for the future.

Subject to obtaining planning permission, Telford Living will be able to embark on the next stage of the redevelopment of Crisp Street over the coming years, bringing the vision to life.

NEXT STEPS

Following the co-design event, the JTP team will analyse and summarise the outcomes to draw up an illustrated vision for Crisp Street which will be reported back at the first Summer Saturday session

on July 26th and then again on August 30th 2025. There will be further opportunities to view and comment on proposals as they are developed in advance of the anticipated planning application submission in early 2026.
