You are invited to the **East Ham Gasworks Community Co-design Event**. Come along and help shape ideas for a new public park, sports facilities and residential neighbourhood of around 600 homes in East Ham.

Join us for a site boundary tour, workshops, coffee and facepainting. Bring the family!

There is no need to pre-register.
Background and event details overleaf.

**Fancy having
your say?
We'd love to hear
your ideas!**

**Can't make it to
the event?**

You can also have your say online via the interactive map.

Former East Ham Gasworks

Community Co-Design Event

Saturday 31 January 2026

12pm to 1pm - Site Boundary Tour

1pm to 4pm - Event Open

Background

The site has a rich history of industrial and sporting uses and is now owned by St William. The western part of the site is partly occupied by a car maintenance and repair service provider, with the rest of the site currently inaccessible to the public, due to contamination which currently exists on site.

St William has appointed architects JTP to engage with the local community to help shape ideas for a new public park, sports facilities and residential neighbourhood of around 600 homes. Your ideas and feedback are important in shaping what this place could become.

There will be a variety of ways to take part including the online interactive map, and an in-person Community Co-design Event. There is no need to pre-register.

Next Steps

Following the Co-design Event, the JTP-led team will analyse the outcomes and draw up an illustrated plan for East Ham Gasworks which will be reported back to the local community with an online video presentation on **Tuesday 10 February**, available from the project webpage jtp.co.uk/projects/east-ham-gasworks

The design team will then move forward to prepare an outline planning application for the site, with submission to Newham Council in summer 2026.

St William

Community Co-design Event

On Saturday 31 January 2026 we will hold an activity packed Community Co-design Event, to help shape the plans for East Ham Gasworks. You will be able to post your comments on a giant wall map, sit down with the design team to draw your ideas, and take part in lots of other fun and interactive activities for all age groups throughout the day, including:

- AI image generation
- Ideas wall
- Exhibition
- Kids activity table
- Facepainting
- Free food and drink

Site Boundary Tour

There will be an opportunity for you to walk around the boundary of the site with the design team at **12pm**, departing from St Paul's Church. The tour will last approximately 45 minutes, returning to the event venue.

Design Table Workshop

There will also be two opportunities for you to take part in a design table workshop at **1.15pm and 2.45pm** – a chance to sit down with the architects and draw your ideas for East Ham Gasworks. The workshops will last approximately 45 minutes each.
